THE RITZ-CARLTON RESERVE DORADO BEACH ACQUISITION

On March 14, 2022, the Company announced that it completed the acquisition of the 96-room Ritz-Carlton Reserve Dorado Beach in Dorado, Puerto Rico (the “Property”). In addition, the Company acquired the income stream attributable to fourteen luxury residential units adjacent to the Property that participate in a rental management program.

With its premier beachfront location on the North coast of Puerto Rico, the Property is situated within Dorado Beach Resort, a 1,900-acre master planned community in one of the most sought after residential real estate markets in the United States and U.S. territories. In addition to the amenities of the self-contained Dorado Beach community, the resort also benefits from its location within the town of Dorado. Dorado is an upscale suburb of San Juan featuring many restaurants, retail outlets, and other amenities and leisure activities in the surrounding area. Additionally, the town is 20 miles from Old San Juan and 22 miles from Luis Muñoz Marín International Airport, making it very accessible from the capital city.

The total consideration for the acquisition was approximately \$193 million (\$1.8 million per key, inclusive of the residential units in the rental program). The acquisition was funded with \$104 million of cash, six million shares of common stock, and the assumption of a \$54 million mortgage loan. For purposes of calculating total consideration for the transaction, a price of \$5.84 per share was assumed.

CAPITAL STRUCTURE

At March 31, 2022, the Company had total assets of \$2.0 billion and \$1.2 billion of loans of which \$49 million related to its joint venture partner’s share of the mortgage loan on the Capital Hilton and Hilton La Jolla Torrey Pines. The Company’s total combined loans had a blended average interest rate of 3.1%.

During the third quarter of 2021, the Company commenced the sale of its Series E and Series M non-traded preferred stock. To date, the Company has issued approximately 3.8 million shares of its Series E and Series M non-traded preferred stock raising approximately \$86.7 million of net proceeds.

During the quarter, the Company completed the refinancing of the Park Hyatt Beaver Creek Resort & Spa. The new, non-recourse loan totals \$70.5 million and has a two-year initial term with three one-year extension options, subject to the satisfaction of certain conditions. The loan is interest only and provides for a floating interest rate of SOFR + 2.86%. The financing addressed the Company’s only final debt maturity in 2022.

On March 7, 2022, the Company announced the reinstatement of its quarterly common stock dividend. The Board of Directors declared a quarterly cash dividend of \$0.01 per diluted share for the Company’s common stock for the first quarter ending March 31, 2022. The dividend, which equates to an annual rate of \$0.04 per share, was paid on April 15, 2022, to stockholders of record as of March 31, 2022. The Board of Directors will review its dividend policy on a quarter-to-quarter basis, with a view to increasing it as financial performance continues to improve. The adoption of a dividend policy does not commit the Board of Directors to declare future dividends or the amount thereof.

PORTFOLIO REVPAR

As of March 31, 2022, the portfolio consisted of fifteen hotels.

- Comparable RevPAR increased 68% to \$326.42 for all hotels on a 13.9% increase in Comparable ADR and a 47.5% increase in Comparable Occupancy.

HOTEL EBITDA MARGINS AND QUARTERLY SEASONALITY TRENDS

The Company believes year-over-year Comparable Hotel EBITDA and Comparable Hotel EBITDA Margin comparisons are more meaningful to gauge the performance of the Company's hotels than sequential quarter-over-quarter comparisons. To help investors better understand the substantial seasonality in the Company's portfolio, the Company provides quarterly detail on its Comparable Hotel EBITDA and Comparable Hotel EBITDA Margin for the current and certain prior-year periods based upon the number of hotels in the Company's portfolio as of the end of the current period. As the Company's portfolio mix changes from time to time so will the seasonality for Comparable Hotel EBITDA and Comparable Hotel EBITDA Margin.

"We continue to be pleased with the incredibly strong operating performance of our luxury resorts and continue to see accelerated performance compared to 2019," said Richard J. Stockton, Braemar's President and Chief Executive Officer. "For the second consecutive quarter, we achieved the highest RevPAR in our Company's history. Our portfolio was cash flow positive for the fifth consecutive quarter, generating approximately \$28 million of cash flow, as overall leisure demand remained strong. During the quarter, 14 of our 15 properties generated positive Hotel EBITDA and 7 of our 15 properties achieved greater than 60% occupancy. With a portfolio that is benefiting from a luxury resort orientation while having some key urban asset exposure to provide further upside as conditions improve, we believe Braemar is well-positioned to continue to capitalize on the recovery in the lodging industry. Additionally, in mid-March, we closed on the acquisition of The Ritz-Carlton Reserve Dorado Beach, the first Ritz-Carlton Reserve in the Americas and one of only five Ritz-Carlton Reserve properties worldwide. This property further diversifies our portfolio, and significantly increases our RevPAR, which was already the highest among the publicly-traded lodging REITs."

Mr. Stockton added, "Looking ahead, we are very well-positioned and remain excited about our opportunities to deliver continued growth. Leisure demand has held up much better than anticipated, trends in corporate transient and group bookings continue to build, and strong forward bookings suggest further improved operating results for the second quarter of 2022. For calendar year 2022, we now expect to materially exceed both 2019 RevPAR and 2019 Hotel EBITDA on both a comparable and an actual basis."
